Orientation of B.Ed.-I

Report

Manohar Memorial College of Education, Fatehabad regularly organizes orientation programs for its B.Ed. students to help them develop effective teaching skills. On November 28, 2022, a special orientation session was held for first-year B.Ed. students to assist them in formulating clear and achievable teaching objectives.

The program aimed to equip the students with the knowledge and techniques required to set appropriate objectives that would guide their instructional strategies and assessment methods during their teaching practice. By establishing clear objectives, the students learned how to align their lesson plans, teaching methods, and evaluation criteria to ensure effective learning outcomes.

The orientation session covered various aspects of objective setting, such as identifying the learning needs of students, writing objectives using appropriate action verbs, and ensuring that objectives are measurable and attainable. The students also participated in interactive activities and discussions to reinforce their understanding of effective objective setting.

AN EXPRESSION

by
BARON PIERRE DE COUBERTIN
(Founder of the Modern Olympic Movement)

"The main issue in life is not the victory but the fight; the essential is not to have won but to have fought well. To spread these precepts is to pave the way for more valiant humanity, stronger and consequently more scrupulous and more generous. These words extend across whole domains and from the basis of healthy and happy philosophy.

The Olympic movement gives the world an ideal which reckons with reality of life and includes a possibility to guide this reality towards the great Olympic idea.

May joy, good fellowship reign and in this manner may the Olympic torch pursue, its way through the ages, increasing friendly understanding among nations, for the good of humanity, always more enthusiastic, more courageous and more pure."
