Online Teaching (Use of Padlet)

The screenshot shows a Padlet board titled "Assessment for learning" with a revision theme. It features four sticky notes:

- Note 1:** *Difference between Assessment, Measurement and Evaluation*
Answer:-
Meaning
Assessment is a process of collecting, reviewing and using the date for purpose of improvement of current performance.
Evaluation is a process of passing the judgement on the basis of set of standard determined.
Measurement is a process of assignment of numbers under some pre-determined rule.
- Note 2:** **Difference between evaluation, measurement, assessment**
To sum up, we measure distance, we assess learning, and we evaluate results in terms of some set of criteria.
1. **Measurement** is the process of the delegation of a numerical index to the object consistently and meaningfully.
2. It has quantitative information.
3. It involves observations which can be expressed in numerical terms.
1. **Assessment** is a process by which the information is obtained
- Note 3:** Assessment is the systematic basis for making inferences about the learning and development of students.
Principles of assessment are:
Validity any assessment which is conducted must directly relate to that which is being assessed. For example, if we wanted to assess whether you can design an assessment instrument we could not assess you by asking you to run around the block. The activity does not relate to that which is being assessed.
Reliability does the assessment provide for the same outcome (assessment decision) regardless
- Note 4:** **संरचनात्मक मूल्यांकन के गुण और दोष**
गुण (1) रचनात्मक मूल्यांकन का सबसे महत्वपूर्ण गुण यह है कि यह छात्रों को प्रतिपुष्टि प्रदान करता है कि वह किस बिंदु पर प्रबल है और किस में कमजोर है। (2) यह अध्यापकों को प्रतिपुष्टि प्रदान करता है कि उनके द्वारा प्रयोग की गई विधियां और व्यू रचना की प्रभावशीलता कितनी है और उन्हें किस कौशल में सुधार करना है। (3) यह अधिगम में आने वाली कठिनाइयों का निवारण करने में सहायक है। (4) यह शैक्षिक व्यवस्था की स्थिति का आकलन करने में सहायक है। (5) यह उपचारात्मक उपायों को सुझाता है। (6) यह शिक्षण-अधिगम प्रक्रिया को अधिक प्रभावी बनाता है। (7) अधिगम हेतु उचित कर्म तैयार करने में सहायक। दोष। रचनात्मक मूल्यांकन एक ही इकाई के बाद किया जा सकता है, जिसे छात्र गंभीरता से न

The interface also shows browser tabs for "Dashboard | Padlet" and "Assessment for learning", a URL "padlet.com/kavitabatra77/assessment-for-learning-3hbj60otp2ur", and a Windows taskbar at the bottom with a search bar and various application icons.

Appreciation Letter

Dated.....15.07.2022

Dear Dr. Kavita Rani,

We hope this letter finds you in good health and high spirits. On behalf of the management of M.M. College of Education, Fatehabad, we would like to extend our heartfelt appreciation for your exceptional contribution in developing the MOOC (Massive Open Online Course) on the "Basics of Gardening for Sustainable Health and Society."

Your unwavering dedication, innovative ideas, and tireless efforts have been instrumental in creating a comprehensive and impactful course that addresses the significance of gardening for individual well-being and environmental sustainability. Your passion for gardening and sustainable living shines through in every aspect of the course, inspiring learners to embrace this vital aspect of a healthy lifestyle.

Your willingness to explore new avenues of learning and your enthusiasm for embracing digital platforms have been truly commendable. The management takes immense pride in providing you with the necessary facilities and resources for creating this MOOC. Your ability to harness these resources efficiently and effectively has set an exemplary benchmark for other faculty members to follow.

Your dedication and passion for the betterment of society through education are truly inspiring. Your MOOC on the Basics of Gardening for Sustainable Health and Society is a testament to your expertise, commitment, and drive to make a positive impact on the lives of others.

Once again, thank you for your remarkable contributions. We are proud to have you as a valued member of our faculty, and we look forward to supporting you in your future endeavors.

With warm regards,

Vice-President

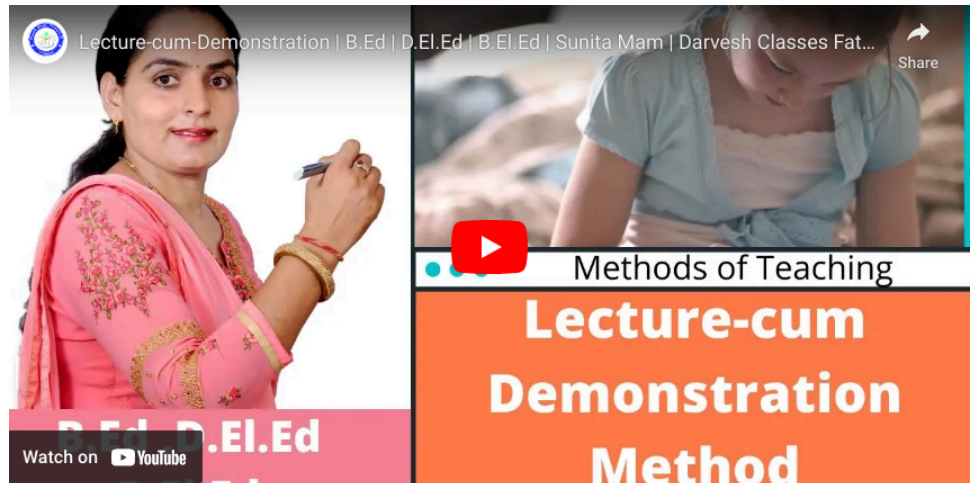

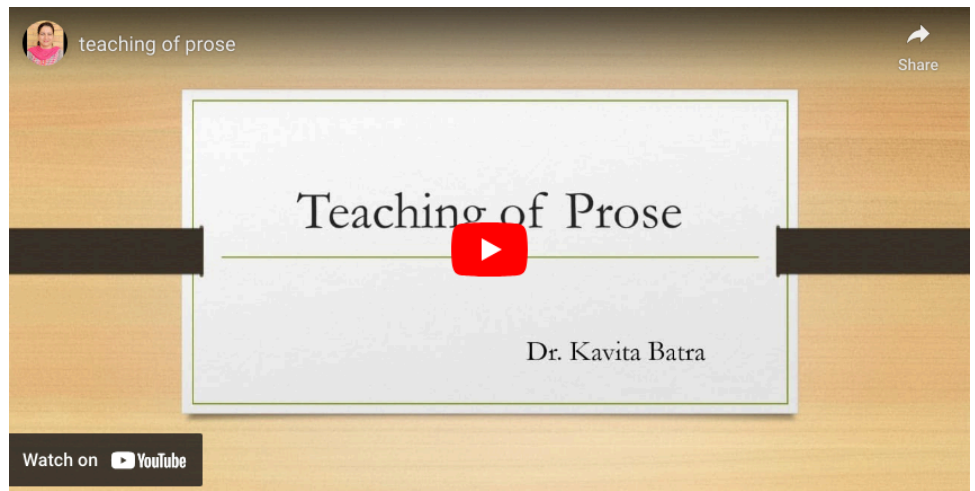

M.M. College of Education,
Fatehabad

A Two day National e-Workshop on 'CONSTRUCTIVISM AS PEDAGOGICAL FRAMEWORK'

27th-28th February, 2022

Organized by
Centre for Innovation, Research and Development (CIRD) & Internal Quality Assurance Cell (IQAC)
MANOHAR MEMORIAL COLLEGE OF EDUCATION
FATEHABAD, HARYANA (INDIA) (Estd. 2004)
Recognized by NCTE and Affiliated to Chaudhary Devi Lal University

About the Workshop

Educational process performs its best when it focuses on thinking as well as understanding rather than on mere rote memorisation. Constructivism provides the convenience to the teachers to create and render opportunities to students to be actively involved in teaching-learning process, so that learning can be embedded in realistic contexts. Hence, in order to make the students successful in and out of the school, let us learn to create such kind of learning environment that facilitates the students to construct the knowledge instead of receiving it.

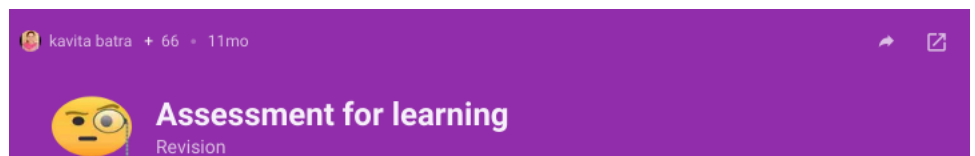

This workshop will help teacher educators, pupil teachers, in-service teachers of all stature and policy makers to implement the constructivist approach in educational settings. Our speakers will discuss on "Learning to Learn", "Constructivism in Education", "Lesson planning based on constructivist approach", and "Implications of Constructivist Approach in Teacher Education Programmes".
